Vaughn, "Pointers," and J. T. Willard, who was introduced as the young man of the class who had lately passed his eighty-third birthday. Mr. Willard way to live.

The women of the church, who served the banquet, also decorated the room with national colors, cut flowers, and palms. One of the features was a silent toast to Washington and Lincoln. Those present were:

It is most appalling to know the effect of stomach troubles among our children. Most children who are nervous, irritable, and cross, who dream, sleep restlessly, who tire easily, and have no desire for child exercise, generally have stomach trouble, indigestion, and dyspepsia.

Stuart's Dyspepsia Tablets are intended to thoroughly digest food, and to place the system in shape to obtain all the nourishment it needs from such food.

These tablets mix with the juices of the system, enriching them and giving to the body the ingredients necessary to build up the rapidly forming brain and body of the young.

Stuart's Dyspepsia Tablets should be given to children after each meal and at bed time. They are made from pure vegetable and fruit essences and contain no harmful chemicals whatever. The use of these tablets will give greater vim to a 'child in its school work or at its play. They will produce appetite and soothe nerves, destroy abnormal cravings, and will allay the bad effects of sweets and such improper foods as most children enjoy and will eat no matter what is done to prevent it.

It is due the child that his stomach be protected by the parent, and if Stuart's Dyspepsia Tablets are given after meals, byspepsia Tablets are given after meals, bys
